

## Data Services: Two Factor Authentication (2FA)

<p><b>To sign in using Two Factor Authentication</b></p> <p>Enter your Username and Password, click "Login."</p>	
<p>You will be taken to a Verification Code screen, and an email will be sent to the address on your account. The subject is "Data Services."</p> <p>Type or copy the unique 6-digit code from your email into the Verification Code box, select the 2FA privacy information, and click "Submit."</p> <p><b>Do not close the Verification Code screen while retrieving the code from your email.</b></p>	
<p><b>To turn 2FA on and off</b></p> <p>Click on the picture icon in the top right corner.</p> <p>Click "Profile."</p> <p>Update your options.</p> <p>You will need to enter a password twice under the Password Reset box to save. You can enter your current password to keep it or set a new password.</p> <p>Save Changes.</p>
